

# QUESTHAVEN MUNICIPAL WATER DISTRICT

## DISTRICT BACKGROUND

The Questhaven Municipal Water District (MWD) provides potable water service in the unincorporated community of Questhaven west of the City of Escondido.

The District was formed in 1959 to provide a governance structure for a groundwater system associated with a private residential facility that covers approximately 630 acres. The *Questhaven Retreat* is primarily developed with guest facilities. Limited residential housing is available for an estimated population of four.

LAFCO approved a sphere-of-influence for the Questhaven Municipal Water District in 1984 that is coterminous with the district boundary.
