SUBJECT: Progress Report on 2020-2021 Workplan

SUMMARY

The San Diego County Local Agency Formation Commission (LAFCO) will receive a progress report on accomplishing the 26 specific projects included in the adopted workplan for 2020-2021. This includes noting through the first month close to one-half of all workplan projects are underway with three nearing completion. This latter category includes schedule policy updates and establishing social media platforms. The report is being presented to the Commission to receive and file and to provide related direction.

BACKGROUND

2020-2021 Workplan

San Diego LAFCO's current fiscal year workplan was adopted at a noticed public hearing held on May 4, 2020. The workplan includes 26 projects and divided into two distinct categories – statutory and administrative – with one of three priority rankings: high; moderate; or low. The intent of the workplan is to serve as a management tool to allocate resources over the 12-month period and track performance. The Commission also reserves discretion to amend the workplan during the fiscal year to address changes in priorities or resources as well as to continue projects into subsequent fiscal years.

DISCUSSION

This item provides San Diego LAFCO with its first update on the 26 targeted projects formally established for the fiscal year. This includes staff assigning one of four status categories to projects ranging from pending to complete and detailed in Attachment One. The item is being presented for the Commission to receive and file as well as provide general direction on listed projects. The item also provides the Commission the opportunity to discuss the merits of new projects and/or amendments for future consideration.

ANALYSIS

San Diego LAFCO has initiated work on 14 of the 26 projects included in the adopted workplan and represents nearly one-half – or 46% – of the total through one month of the fiscal year. Most of the initiated work involves high-priority projects that have been forwarded from the prior fiscal year and includes several comprehensive municipal service reviews in the North County region. Work has also been initiated on several new projects and highlighted by establishing social media activities on Twitter and Facebook.

RECOMMENDATION

It is recommended San Diego LAFCO receive and file the item with the invitation to discuss as needed. This recommendation would be accommodated by taking the actions outlined in the proceeding section as Alternative One.

2020-2021 Workplan

Introduction:

Local Agency Formation Commissions' (LAFCOs) operate under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2001 ("CKH") and are delegated regulatory and planning responsibilities by the Legislature to oversee the formation and subsequent development of local government agencies and their municipal service areas. Common regulatory functions include approving jurisdictional changes and outside service requests. Common planning functions include preparing studies to independently evaluate the availability, performance, and need for municipal services and establishing and updating spheres of influence – which are the Legislature's version of urban growth boundaries and gatekeepers to future jurisdictional changes – for all cities and special districts. All regulatory and planning activities undertaken by LAFCOs may be conditioned and must be consistent with policies and procedures.

Objective:

This document represents San Diego LAFCO's ("Commission") formal 2020-2021 Workplan. The Workplan draws on the recommendations of the Executive Officer as vetted and approved by the Commission. The Workplan is divided into two distinct categories – statutory and administrative – with one of three priority rankings: high; moderate; or low. The underlying intent of the Workplan is to serve as a management tool to allocate Commission resources in a transparent manner over the 12-month period. Further, while it is a stand-alone document, the Workplan should be reviewed in relationship to the adopted operating budget given the planned goals and activities are facilitated and or limited accordingly. Additionally, and as needed, the Commission reserves discretion to amend the Workplan during the fiscal year to address changes in resources and or priorities and to carry-forward projects into subsequent years.

Executive Summary:

The 2020-2021 Workplan continues to guide the Commission to prioritize resources in addressing statutory duties and responsibilities. This includes continuing work on existing projects established – but not yet completed – from earlier fiscal years and marked by completing municipal service reviews for the Escondido, Vista, San Marcos, and Fallbrook-Rainbow regions. Several policy updates are also scheduled and include reviewing LAFCO's existing policies regarding the identification and authorization of special district service functions and classes. Other administrative projects filling the Analyst I/II position and securing a long-term office lease.
