SUBJECT: **Current Proposals and Related Activities**

SUMMARY

The Cities Advisory Committee (“Committee”) will receive a report summarizing active proposals on file with the Commission as well as anticipated submittals. The report is being presented for purposes of detailing current workload and for information only.

BACKGROUND

Processing Procedures

LAFCO proceedings for consideration of proposed changes of organization or reorganizations – which typically involves annexations, detachments, and service function activations or divestures – are typically initiated by outside applicants (landowners, registered voters, and local agencies). LAFCOs may also initiate proposals specific to forming, consolidating, or dissolving special districts if consistent with the recommendations of approved municipal service reviews. Once deemed complete by the Executive Officer, proposals are scheduled for Commission consideration and placed on the agenda as consent, business, or hearing items based on noticing requirements. Overall, most proposals are forwarded to the Commission within six months from their date of submittal.

DISCUSSION

This item is being presented to the Committee for information only and identifies all active proposals currently on file with LAFCO along with future anticipated submittals. A full detailing of current and anticipated proposals is provided as Attachment One.

ANALYSIS

San Diego LAFCO is currently processing 35 active proposals. Most proposals have been initiated by landowners and involve single lots in the unincorporated area subject to tentative development approvals and as such require annexations to water and/or wastewater providers. Notable proposals submitted by local agencies include a reorganization request by the County of San Diego to form a new dependent fire protection district (San Diego County FPD) to assume fire protection and emergency medical services from County Service Area No. 135 and in doing so formalize the County as a fire service provider under LAFCO statutes. Two contested reorganization proposals separately filed by Rainbow Municipal Water District and Fallbrook Public Utility District are also on file to detach from the San Diego County Water Authority and annex therein to Eastern Municipal Water District and further detailed as part of a separate agenda item. Staff also anticipates several substantive proposals to be submitted in the next few months. Three of these pending proposals involve city annexations in North County to accommodate relatively large residential subdivision projects and include Harvest Hills (Escondido), Sager Ranch (Escondido), and Rancho Lomas Verdes (Vista).

RECOMMENDATION

This item is presented to the Committee for information only. It is recommended the Committee review the report with the invitation to discuss as needed.

ALTERNATIVES FOR ACTION

None.

PROCEDURES

This item has been placed on the agenda as part of the business calendar. It will include a brief verbal presentation from staff with an initiation for discussion by the Committee.
