Re: Proposed Fallbrook Public Utility District and Rainbow Municipal Water District Wholesaler Reorganization (RO20-04; RO20-05)

Dear Chair Jacob:

In response to the request for comment issued by SDLAFCO as part of the FPUD and RMWD applications for reorganization, Helix Water District respectfully supports the TAC's efforts toward producing an objective and detailed analysis of the issues directly related to the proposed action. These include, but are not limited to the financial impacts, community impacts, governance impacts, environmental impacts and water reliability impacts.

In addition to analyzing the above impacts, Helix respectfully requests that the TAC identify alternatives to mitigate these impacts, including development of implementation strategies designed to minimize the impacts to all affected parties. In closing, Helix supports the efforts of the TAC in developing an objective and equitable resolution to this important regional issue. If you would like to discuss any of the above issues in more detail, please feel free to contact me.

Best Regards,

Carlos V. Lugo  
General Manager
