**SUBJECT: Active Proposals and Related Activities**

**SUMMARY**

The San Diego County Local Agency Formation Commission (LAFCO) will receive a report identifying active proposals on file with the Commission as well as a summary of anticipated submittals based on ongoing discussions with local agencies. In all, there are currently 28 active proposals on file with the Commission with 21 awaiting hearing. The item is for information and concurrently satisfies LAFCO’s reporting requirement to affected agencies for notification of proposal filings made by landowner or registered voter petitions.

**BACKGROUND**

**Processing Procedures and Timelines**

LAFCO proceedings for consideration of proposed changes of organization or reorganizations – which typically involves annexations, detachments, and service function activations or divestures – are generally initiated by outside applicants (subject landowners or registered voters, and/or local affected agencies). LAFCOs may also initiate proposals specific to forming, consolidating, or dissolving special districts if consistent with the recommendations of approved municipal service reviews. LAFCO staff proceeds with administrative reviews and within 30 days provides status letters to applicants advising what

– if any – additional information is needed. Once deemed complete, proposals are scheduled for Commission consideration and placed on the agenda as consent, business, or hearing items based on noticing requirements.<sup>1</sup> Overall, most proposals are forwarded to the Commission within six months from the date of submittal.

## DISCUSSION

This item is being presented for information only and identifies all active proposals currently on file with San Diego LAFCO. The report also – and for telegraphing purposes of future workload – identifies pending proposals staff anticipates being submitted with LAFCO in the near term based on discussions with local agencies. The information item also serves to concurrently satisfy the Commission’s reporting requirement to provide notice on agendas to affected special districts when proposed annexation applications are initiated by landowner or registered voter petitions.<sup>2</sup> A summary of active and pending proposal applications follow and detailed in Attachment One.

### Active Proposals & Related Petition Notifications

There are 28 proposals currently active and undergoing processing with San Diego LAFCO as of date. Current processing stages of these active proposals range from pre-Commission action (21) to post-Commission action (7) with the latter category representing items already approved but awaiting the completion of conducting authority proceedings or terms. The former category – pre-Commission action – also includes two new proposal filing since the last meeting in March and are identified below.

- “Lagasse Change of Organization” |  
Annexation to the Leucadia Wastewater District
- “Avion Reorganization” |  
Annexation to the Olivenhain Municipal Water District and Latent Power Expansion

### Pending Agency Proposals

There are four substantive agency proposals staff anticipates being submitted to San Diego LAFCO in the near future.<sup>3</sup> These four pending proposals are currently under local agency consideration with respect to development entitlements and environmental review. Three of these pending proposals would involve city annexations in North County to accommodate relatively large residential subdivision projects and involve Harvest Hills (Escondido), Sager Ranch (Escondido), and Rancho Lomas Verdes (Vista).

---

<sup>1</sup> The Executive Officer may also place proposals otherwise meriting consent on the business calendar to solicit additional review and discussion if warranted. Separately, applications involving outside-of-agency service extension requests follow separate proceedings and may be administratively approved by the Executive Officer if addressing documented public health or safety threats.

<sup>2</sup> Government Code Section 56857 directs LAFCOs to provide notice on agendas of any proposal involving special districts that have been initiated by landowners or registered voters. The agenda notification starts a 60-day period in which the affected special districts may request termination of the proceedings due to financial or service-related concerns.

<sup>3</sup> Staff uses discretion in listing pending proposals and limits notice to only activities to be initiated by a local governmental agency. Pending proposals to be initiated by landowners and/or registered voters are not disclosed until an actual filing is made.

## ANALYSIS

San Diego LAFCO remains active in processing more than two dozen proposals with the majority awaiting consideration by the Commission. Most active proposals have been initiated by landowners and involve single lots in the unincorporated area subject to tentative development approvals and as such require annexations to water and/or wastewater providers. Notable exceptions include two contested reorganizations separately filed by Rainbow Municipal Water District and Fallbrook Public Utility District to detach from the San Diego County Water Authority and annex to Eastern Municipal Water District and in doing so transfer their wholesale water supplier.

## RECOMMENDATION

This item is presented to San Diego LAFCO for information only.

## ALTERNATIVES FOR ACTION

This item is being presented for information only; no action is necessary.

## PROCEDURES

This item has been placed on the San Diego LAFCO's agenda as part of the consent calendar. A successful motion to approve the consent calendar will include taking affirmative action on the staff recommendation unless otherwise specified by the Commission.

On behalf of staff,

Priscilla Allen
